IGNSS2020

5 - 7 February 2020

SPONSORSHIP OPPORTUNITIES

Overview

IGNSS is Australasia's premier conference on Global Navigation Satellite Systems (GNSS) and related Position, Navigation and Timing (PNT) technologies.

The IGNSS conference for 2020 will once again be held in Sydney, Australia, running from February 5 - 7. IGNSS2020 is Australasia's premier conference and exhibit for technology, products and services in Positioning Navigation and Timing, including GNSS. IGNSS2020 is the place to examine the latest technology, present cutting edge research and discuss policy, market development and positioning infrastructure issues.

IGNSS 2020 will showcase hot topics such as the role of PNT in an era of increasing automation in transport and machinery. IGNSS2020 will not only address the wave of new opportunities but also the risks, including the increasing threats in jamming, spoofing and cybersecurity. A feature of IGNSS2020 will be a showcase of demonstrator projects undertaken during the SBAS Test-bed and the next steps in the Government's Positioning Australia program. There will of course also be updates from the major GNSS System Providers as we move into the next decade of Multi-GNSS activity.

We will gather leaders in GNSS and PNT to examine the latest technology, present cutting edge research and discuss in open forums the implications for policy, market development and positioning infrastructure deployment.

Topics for abstracts include:

- Autonomy on land, air and sea
- Aviation and Avionics
- Cooperative Intelligent Transport Systems
- Machinery Application in Agriculture, Construction and Mining
- Maritime Applications
- Unmanned Aerial Systems
- Positioning Infrastructure
- GNSS Vulnerability, Resilience and Risk
- Interference Detection and Mitigation
- Policies and Standards
- SBAS and Other Augmentations
- Datums and Geodesy
- National and International GNSS Developments
- Emerging Application Areas for GNSS
- Key Industries and their Reliance on GNSS
- Embracing the Multi-GNSS Era
- Cyber Security in PNT Applications and Infrastructure
- Alternative PNT
- State of the art in PNT algorithms and software development
- GNSS Aiding and Sensor Fusion
- Positioning in GNSS Denied Environments
- Development of GNSS Receiver Hardware and Firmware
- Precise position using Smartphones

We encourage Early Career Researchers as well as Industry R&D to present their work. If you are interested in submitting an abstract for either oral or poster presentation, go to the event website: ignss2020.unsw.edu.au

We hope you are able to join us!

Sponsorship Packages

PLATINUM

*Conference
Partner
(One available)*

\$12,000*

GOLD

*Exhibitor and
Technical Session
Supporter
(Several available)*

\$6,000*

BRONZE

*Supporter
(Several available)*

\$1,600*

SILVER

*Exhibitor
(Several available)*

\$3,000*

Program Advertising

(Several available)

\$250 - \$500*

Sponsorship Packages

PLATINUM

*Conference Partner
(One available)*

\$12,000*

Entitlements:

- Naming rights to the conference
- Exhibitor Desk in Foyer
- Opportunity to speak during a plenary session
- Full page advertisement in Conference Program
- Banners in Foyer & Plenary room
- 8 complimentary registrations (additional registrations available at a discounted rate)
- Logo and link on the event website
- Satchel Inserts (up to 4 items)

GOLD

*Technical Session Supporter
(Several available)*

\$6,000*

Entitlements:

- Naming rights to one session
- Exhibitor Desk in Foyer
- Opportunity to introduce and chair the sponsored session
- Half-page advertisement in Conference Program
- Banners in Foyer & Session room
- 4 complimentary registrations (additional registrations available at a discounted rate)
- Logo and link on the event website
- Satchel Inserts (up to 3 items)

**GST will apply to all packages*

Sponsorship Packages

SILVER

Exhibitor (Several available)

\$3,000*

Entitlements:

- Exhibitor Desk in Foyer
- Half-page advertisement in Conference Program
- Banner in Foyer
- 2 complimentary registrations (additional registrations available at a special rate)
- Logo and link on the event website
- Satchel Inserts (up to 2 items)

BRONZE

Supporter (Several available)

\$1,600*

Entitlements:

- Logo in Conference Program
- Banner in Foyer
- 2 complimentary registrations with additional registrations available at a discounted rate
- Logo and link on the event website
- Satchel Insert (1 item)

Program Advertising Options

- Full page advertisement (A5) | \$500*
- Half page advertisement (Equiv. A6 size) | \$250*

**GST will apply to all packages*

Organising Committee

Organising Committee: Mr Matt Higgins, Department of Natural Resources and Mines, QLD Australia (Chair)
Prof. Andrew Dempster, Australian Centre for Space Engineering Research, UNSW
Prof Chris Rizos, School of Civil & Environmental Engineering, UNSW
Prof Allison Kealy, Geospatial Sciences, RMIT University
Dr Craig Roberts, School of Civil & Environmental Engineering, UNSW
Ms Anna Riddell, Geoscience Australia
Mr Martin Nix, Position Partners
Ms Elizabeth Pearce, Defence Science and Technology Group
